United Airlines Announces Service from Dayton International Airport to Denver

United Airlines will offer air service to Denver, Colorado

Release Date: For Immediate Release

Contact: Linda Hughes, Marketing Manager, 937-454-8200, Cell 419-283-1414

Dayton, OH – Dayton travelers will soon have the option to fly nonstop from Dayton International Airport (DAY) to Denver International Airport (DEN) with United Airlines beginning September 29.

"I am very excited to see the return of direct air service to Denver International Airport. Daily service to Denver will provide our passengers easy to and through connections westward and beyond," explains City of Dayton Director of Aviation, Gil Turner.

The nonstop flight from DAY to DEN will be offered daily, departing DAY at 9:00 a.m. The E175 plane is wi-fi equipped and features 12 first class seats, 16 economy plus seats and 48 standard economy seats.

The addition is a result of United's ambitious United Next plan and part of a larger United announcement of 35 new flights, a dozen new gates and three new clubs in Denver.

"We're particularly pleased to bring this important nonstop destination to the Miami Valley, thanks in large part to the extensive collaboration between Dayton area community partners and United," said United's Managing Director of Domestic Planning, Mark J. Weithofer. "We look forward to continuing to work together as we connect Dayton to United's global route network via our hub in Chicago, Washington D.C., and now Denver."
